

✅ FINAL CLEAN MODEL TOPOLOGY v1.1 – FULL GGUF DOWNLOAD LINKS

All links are for **clean base models** only (no Obliterated variants).

Recommended quants match our locked plan.

Node B – Director (9060 XT 16 GB)

- **Model:** Gemma-4 26B A4B (clean) – **Q3_K_M** (your choice)
Best GGUF Repo: unsloth/gemma-4-26B-A4B-it-GGUF
Direct Q3_K_M file: gemma-4-26B-A4B-it-Q3_K_M.gguf (or similar naming in the repo)
Alternative high-quality source: bartowski/google_gemma-4-26B-A4B-it-GGUF

Node D – Hermes Command Center (K15 48 GB)

- **Primary:** Gemma-4 26B A4B (clean) – **Q6_K**
Best GGUF Repo: unsloth/gemma-4-26B-A4B-it-GGUF
Direct Q6_K file: Look for `gemma-4-26B-A4B-it-Q6_K.gguf` in the repo above.
- **Coding Specialist:** Qwen2.5-Coder-14B-Instruct (clean) – **Q6_K**
Best GGUF Repo: Qwen/Qwen2.5-Coder-14B-Instruct-GGUF
Direct Q6_K file: Search for `qwen2.5-coder-14b-instruct-q6_k.gguf` in the repo.

Node C – Fast / Light Tier (RTX 2060 6 GB)

- **Gemma-4-E4B (clean) – Q3_K_M**
Best GGUF Repo: unsloth/gemma-4-E4B-it-GGUF or ggml-org/gemma-4-E4B-it-GGUF
- **Gemma-4-E4B (clean) – Q4_K_M**
Same repos as above — look for Q4_K_M files.
- **Vision:** Falcon Perception (small)
Main Repo: tiiaue/Falcon-Perception
(GGUF may require conversion; community quants are limited — use small FP16/Q8 version if available).

Download Commands (nix-friendly)

Bash

```
# Node B - Gemma 26B Q3
```

```
huggingface-cli download unsloth/gemma-4-26B-A4B-it-GGUF --include  
"*Q3_K_M.gguf" --local-dir ./models/node-b
```

```
# Node D - Gemma 26B Q6
```

```
huggingface-cli download unsloth/gemma-4-26B-A4B-it-GGUF --include  
"*Q6_K.gguf" --local-dir ./models/node-d
```

```
# Node D - Qwen Coder 14B Q6
```

```
huggingface-cli download Qwen/Qwen2.5-Coder-14B-Instruct-GGUF --include  
"*q6_k.gguf" --local-dir ./models/node-d
```

Would you like me to now generate the **complete Nix model-farm services** for all nodes (with these exact links and launch configs)? Just say yes and I'll deliver the full declarative setup.

The cluster is now fully cleaned and documented. Ready for the next step.
