SINGLE PLAYER MODE+

Single Player Mode, our solo play guide and Gamemaster emulator, contains over one hundred lists and tables to help you populate your **Cyberpunk RED** game with people, places, things, organizations, sensations, and plots.

That doesn't seem like enough, does it? To give you more to play with, we've dived into the past and snagged twenty-two tables from **Cyberpunk**, **Cyberpunk 2020**, **Cybergeneration**, and even **Cyberpunk v3** to give GMs and players more options (with a few tweaks to update them to work with **Cyberpunk RED**).

Enjoy!

ATMOSPHERE TABLES

▶ ELEMENTS OF CYBERPUNK LIFE

1d10	Element
1	Neon. In Cyberpunk, you can't have too many neon lights.
2	Solar panels. On every roof and windowsill, even on car roofs.
3	Steam. Billowing from rooftop vents and rising from grates in the street.
4	Video Screens. Advertising boards, and computer screens everywhere.
5	Claustrophobia. Taking the form of crowds, sleeping coffins, and traffic.
6	Internationalism. Everything comes from somewhere; why not somewhere else?
7	Brand Names. It's a corporate world, and everything is trademarked.
8	Squalor. From dirt to grease, rust, or garbage. Cyberpunk ain't tidy.
9	Hyperactivity. Focused and unfocused energy formed from desperation, always one nanosecond away from lashing out.
10	Technology. "It's the technology, stupid!"
